

What's up with our APs?

Mr. Montaña...

Your student has selected their 2019/2020 classes. You are able to view their next year's schedule through StudentVue. If you have, a CTE class this year, remember these classes are program based and your student must continue the classes through the advanced levels.

Online registration has begun. Please complete it by June 1st to guarantee your student's schedule and transportation (Transpiration for student living outside the Pueblo area cannot be guaranteed).

Next year's (2019-2020) sophomores, juniors, and seniors; on Wednesday, February 27th at 5 pm we will be holding a parent meeting to inform you about **Pueblo's College Preparatory Academy**. If your student is interested in **Pueblo's College Preparatory Academy** please contact Mr. Mario Matanza at 225-4343 or (mario.matanza@tusd1.org) for more information.

We have less than twelve weeks to graduation. We will not approve any more schedule chang-

es for this school year unless it is for a senior who needs to meet graduation requirements. Please attend class every day, study, meet with your teachers, and attend our tutoring classes at 7 am and 3:30 pm in the Library.

A number of scholarship deadlines are approaching. Leslie Martinez, our AmeriCorps member, is making herself available to assist students with applying for scholarships personal statement, FAFSA, etc. (See announcements from Mrs. Fennema for dates and times).

Mrs. Gunnels...

We are currently in the midst of finalizing course selection for the upcoming 2019-2020 school year. Student course selections drive our master schedule and determine the number of teachers we are able to hire and the types of courses we offer for next year. Once those deci-

sions have been made it is very difficult to make changes. Therefore most schedule change requests that happen at the beginning of the school year are denied.

ACT is our new state assessment. It is also a national admissions test that colleges and universities use to

determine acceptance, placement, and scholarship eligibility. The better that our students do on ACT translates directly into increased academic and financial opportunities. We will be testing all of our juniors on Tuesday, April 2, 2019.

Mr. Lopez...

I can't believe the spring sports are here and in full swing! Practices are happening for baseball, softball, boys' volleyball, girls' and boys' tennis and boys' and girls' track!

Winter sport coaches and student/athletes are working hard to get ready for some post-season hardware! Girls' basketball just ended with an impressive run in the state playoffs. The team made it to round of 8 before losing to a good

Sahuaro team. Our girls battled back at times to get close but we just came up short. Great job Lady Warriors! The wrestling team qualified eight boys and two girls for the state tournament. We finished in 7th place out of 51 teams with one individual state champion and two 3rd places and 6th place. Job well done.

We are asking for all students to make sure they have a parking permit to park on campus. If any student is

going to their car at lunch or during the day to hang out, or leaving campus without permission, they will have their parking permits revoked for 2 weeks. If it happens again, we will revoke the parking permit until the end of the school year. Students who lose their parking permit must buy another one. There are no exceptions to these guidelines. Parking on campus is a privilege, not a right.
